

To apply to work in the Roth lab, whether it is for research credit, a senior thesis, or a summer research stipend, you will need to meet the following application requirements:

- 1) Currently an undergraduate student, preferably a junior.
- 2) Minimum cumulative grade point average at Delaware of 3.2.

Application process:

- 1) Complete the Application (below).
- 2) Email your unofficial transcripts (University of Delaware, and any other previous academic institutions if applicable) as a pdf file.
- 3) Have 2 letters of reference sent as pdf files or text within an email directly from your recommenders (preferably faculty, advisors, or mentors). Things to consider including in the letter are your reliability, critical thinking skills, ability to work independently, and interpersonal skills).

All materials should be emailed to troth@psych.udel.edu.

Your application must be complete to be considered. Consideration will also depend upon whether there are positions open in the lab currently, in an upcoming semester, Winter Session or summer.

Employment offers for paid positions will be conditioned upon successful completion of a criminal background check. A conviction will not necessarily exclude you from employment.

The University of Delaware is an Equal Opportunity Employer which encourages applications from Minority Group Members and Women. The University's Notice of Non-Discrimination can be found at <http://www.udel.edu/aboutus/legalnotices.html>.

APPLICATION
